Accounting System/ERP/CRM Specification/Purchasing/Implementation Services

Needs Assessment

SBA * Consulting will assist you in determining your macro top-level needs and advise you on the benefits/disadvantages of the current computer architecture to enable to you create a realistic and comprehensive needs assessment prior to your company beginning to search for both an accounting system and a system integrator. These are from the CFO point of view!

Services include:

Strategic, Operational, Systemic, and Accounting/Financial assessment to answer the questions of whether you are using best practices and what needs exist at your company to better capture data to assist in managing and growing your company.

Purchasing Assistance Services

We will facilitate the research into, assist with the selection of possible systems, then locate, and gauge vendors/integrators of those systems to best meet the needs assessment and budgetary requirements of the client.

Post-Purchase/Pre-Implementation Services

Facilitate a detailed analysis of your business from the Strategic, Operational, Systemic, and Accounting/Financial points of view. Work with your System Integrator prior to any data is entered to maximize ROI and reduce TCO by making sure the implementation process takes into account all KPI's, metrics, Chart Of Account issues as well as other systemic or procedural issues.

Implementation Services

From the Chief Financial Officer's point of view, make sure the implementation is a smooth, comprehensive and accurate. Monitor staff training and issues so that following going into production mode all systems work and the business is able to take advantage of the new system(s) implemented.
