SBA * Consulting LTD announces it's entry into Supply Chain Consulting

Supply Chain Management encompasses the planning and management of all activities involved in sourcing and procurement, conversion, and all logistics management activities.

FOR IMMEDIATE RELEASE

Bellmore, NY - Oct 03, 2012 - SBA * Consulting, LTD, a leading consulting firm in the Chief Financial Officer outsource field with offices in 14 cities along the East Coast is adding Supply Chain to the portfolio of practice areas it now supports.

- Is your Supply Chain as efficient as it should or could be?
- Do you have the Key Performance Indicators (KPI) to know if your Supply Chain is performing optimally?
- When is the last time you evaluated critical phases of your Supply Chain?
- Are you losing money each day, due to an inefficient Supply Chain?
- What is your Supply Chain missing?
- Are you losing customers, because of Supply Chain inefficiencies?
- Is your Supply Chain about to break?

SBA * Consulting provides consultative experts who have had military grade and industrial global experience in the art and science of logistical and supply chain management. These experts have not only theoretical backgrounds, but more importantly hands-on practical empirical experience in solving both the large and the micro problems; involving people, processes, and technology that the theoretical doesn't address.

- Do you want your Supply Chain to operate as efficiently as possible?
- Do you want to meet your customers every need, by having the best Supply Chain possible?

- Do you want to build a STRONGER Supply Chain?
- Do you want solutions that will quickly gain efficiencies and make your personnel more productive?

SBA * Consulting Supply Chain Management Consultant can be deployed anywhere in the world, on-site, to provide the client with the services that can improve their processes, competitiveness, value proposition, and most importantly the "bottom line."

In addition, we our 360° GAP Analysis service, we can located areas that are both casual and the effect of Supply Chain issues. Our highly experienced Logistic and Supply Chain Consultants not only have both US military grade and industry experience but are also able and ready to fly anywhere in the world to apply their state of the art/hands-on expertise to solve our clients issues.
